

COSMOS 30 by Jan Pauwels

Cosmos looks random but still harmonious. Random placed LED circuit boards and tiny metal rods are the only two basic elements of this light fixture. They give the lamp its structure and shape. The circuit boards have leds on both sides. 2/3 of the light goes down and 1/3 goes up. Every Cosmos is handmade, making every model unique. (see model Universe for the version with E10 lamps)

COSMOS SQUARE WITH DROPS 300 by Jan Pauwels

Illuminating drops fall out of the Cosmos. By playing with heights this modular version of the Cosmos becomes modern and frivolous. (See model Universe with Drops for the version with E10 lamps.)
